

HELP US
CELEBRATE
WITH A
BOTTLE OF
TASMANIA'S
BEST.

COME AND ENJOY
THE FRUITS OF
OUR LABOUR.

TASMANIAN winemakers and e-learning developers have one thing in common they're committed to raising the standards. Roar Educate invites you to experience the results of this commitment at the BETT Show, Olympia, London, 10th to 13th January 2007.

Roar Educate in partnership with the London Grid for Learning is proud to present *Celebrating Us*, an interactive online module that explores issues surrounding Citizenship for Key Stages 2 and 3.

Celebrating Us provides 32 student activities that explore issues such as student identity, stereotyping in the media, personal prejudice and migration. Due to the broad nature of the subject matter, *Celebrating Us* has relevance across a range of subject areas; Literacy, English, PSHE, Art and design, Geography, History, ICT, RE and Science.

So come along to Stand L9 (StudyWiz stand) on the Ground Floor of the National Hall for a brief demonstration, and we will give you a bottle of fine Tasmanian Wine.

You can see a sneak preview of *Celebrating Us* at:
