

Who Celebrating Us Who we are

An online learning module that looks at issues of diversity focussing on **IDENTITY, STEREOTYPING, DISCRIMINATION** and **MIGRATION**.

Who am I and how did I get here?

What is a stereotype?

How does the media show good and evil?

What are the different types of discrimination?

Why do I live where I live?

The content is bold, bright and media rich featuring animation, video and a high level of interactivity. There are more than 30 highly engaging learning activities ideal for Citizenship and PSHE, and the module also has applicability across the curriculum especially in areas like English, Literacy, History, Art and Design and Geography.

The module was developed by Roar Educate in conjunction with teachers from the London Grid for Learning. It has been available to London students since February 2007 after which it quickly became one of the most visited LGFL sites with hundreds of thousands of hits.

Who is it for?

CELEBRATING US - WHO WE ARE is aimed at Key Stage 2 and 3 level students.

What are the benefits?

- Together with *CELEBRATING US - WHAT WE DO* and *US ONLINE* this module provides the most extensive activity-based learning program in the Citizenship area.
- The activities are highly engaging and the concept has been well road-tested within the London Grid for Learning.
- The activities within this module can be used by students individually, in small groups or as the basis of a classroom activity.
- The module can be used on Interactive Whiteboards.
- The breadth of activities means that teachers can easily use the module as the basis for many lessons. Teacher's Notes are included with the module.

| | English | Art & Design | RE | Literacy | Geography | PSHE | History | Citizenship |

Technical requirements

All a teacher needs to use **CELEBRATING US** is a web browser with Flash Player (**VERSION 9**) that can be downloaded free from Adobe (www.adobe.com). The **CELEBRATING US** modules function in all Virtual Learning Environments.

Each school, LA or Grid can install the modules on their own servers. Roar Educate support staff will assist in supplying the necessary technical specifications to ensure smooth delivery.

As **CELEBRATING US** involves extensive student activities and supports the sharing of student created content, issues of security are important. The modules support a Shibboleth (security authentication standard) environment if required.
